Purposes of a Placement Committee

Connecting Students with Employers: The committee identifies and approaches companies to arrange campus recruitment drives and secure job offers and internship opportunities for students.

Building Industry Relationships: They work to establish and sustain long-term relationships with corporations and potential employers, which is vital for securing a consistent flow of recruitment opportunities.

Enhancing Student Employability: Through workshops, industry talks, and skill development programs, the committee helps students gain the necessary skills and confidence to succeed in the job market.
